Sec. 1. For purposes of the standards of professional conduct and competent practice of physical therapy or practice as a physical therapist assistant, the following definitions apply:

"Practitioner" means a person holding a license to practice physical therapy; a person holding a certificate to practice as a physical therapist assistant; or a person holding a temporary permit issued by the committee.

"Professional incompetence" may include, but is not limited to, a pattern or course of repeated conduct by a practitioner demonstrating a failure to exercise such reasonable care and diligence as is ordinarily exercised by practitioners in the same or similar circumstances in the same or similar locality. 844 IAC 6-7-2 Standards of professional conduct and competent practice

Authority: IC 25-27-1-5

Affected: IC 25-1-9-9; IC 25-27-1

Sec. 2. A practitioner when engaging in the practice of physical therapy shall abide by, and comply with, the following standards of professional conduct: (a) A practitioner shall maintain the confidentiality of all knowledge and information regarding a patient, including, but not limited to, the patient's diagnosis, treatment, and prognosis of which the practitioner has knowledge during the course of the patient-practitioner relationship. Information about a patient shall be disclosed by a practitioner when required by law, including, but not limited to, the requirements of IC 34-4-12.6-1 [*IC 34-4 was repealed by P.L.1-1998, SECTION 221, effective July 1, 1998.*] and IC 16-4-8-1 [*IC 16-4 was repealed by P.L.2-1993, SECTION 209, effective July 1, 1993.*], and any amendments thereto, or when authorized by the patient or those responsible for the patient's care.

(b) A practitioner shall give a truthful, candid, and reasonably complete account of the patient's condition to the patient or to those responsible for the patient's care, except where a practitioner reasonably determines that the information is detrimental to the physical or mental health of the patient, or to the physical or mental health of those persons responsible for the patient's care.

(c) The practitioner shall give reasonable written notice to the patient, and to the referring physician, podiatrist, psychologist, chiropractor, or dentist, when the practitioner withdraws from a case so that another referral may be made by the referring physician, podiatrist, psychologist, chiropractor, or dentist. A practitioner shall not abandon a patient. A practitioner who withdraws from a case, except in emergency circumstances, shall, upon written request, comply with the provisions of IC 16-4-8-1 through IC 16-4-8-11 [*IC 16-4 was repealed by P.L.2-1993, SECTION 209, effective July 1, 1993.*], and of any subsequent amendment or revision thereof, when a patient requests health records.

(d) A practitioner shall exercise reasonable care and diligence in the treatment of patients based upon generally accepted scientific principles, methods, treatments, and current professional theory and practice.

(e) A practitioner shall not represent, advertise, state, or indicate the possession of any degree recognized as the basis for licensure to practice physical therapy unless the practitioner is actually licensed on the basis of such degree in the state(s) in which he/she practices.

(f) A physical therapist shall not delegate to supportive personnel any service which requires the skill, knowledge, and judgment of the licensed physical therapist.

(g) A physical therapist's assistant shall not accept a delegation of a service which exceeds the scope of practice of their

registration as defined in 844 IAC 6-1-2(3).

(h)(1) A practitioner who has personal knowledge based upon a reasonable belief that another practitioner holding the same license has engaged in illegal, unlawful, incompetent, or fraudulent conduct in the practice of physical therapy shall promptly report such conduct to a peer review or similar body, as defined in IC 34-4-12.6-1(c) *[IC 34-4 was repealed by P.L. 1-1998, SECTION 221, effective July 1, 1998.]*, having jurisdiction over the offending practitioner and the matter. This provision does not prohibit a practitioner from promptly reporting said conduct directly to the physical therapy committee. Further, a practitioner who has personal knowledge of any person engaged in, or attempting to engage in, the unauthorized practice of medicine or physical therapy shall promptly report such conduct to the medical licensing board or the physical therapy committee.

(2) A practitioner who voluntarily submits himself/herself to, or is otherwise undergoing a course of treatment for, addiction, severe dependency upon alcohol or other drugs or controlled substances, or for psychiatric impairment, where such treatment is sponsored or supervised by an impaired physical therapists committee of a state, regional, or local organization of professional health care providers, or where such treatment is sponsored or supervised by an impaired physical therapist committee of a hospital, shall be exempt from reporting to a peer review committee as set forth in subsection (h)(1) *[subdivision (1)]* or to the physical therapy committee so long as:

(A) the practitioner is complying with the course of treatment;

(B) the practitioner is making satisfactory progress.

If the practitioner fails to comply with or is not benefitted by, the course of treatment, the practitioner-chief administrative officer, his designee, or any member of, the impaired physical therapist committee shall promptly report such facts and circumstances to the physical therapy committee. This subsection shall not, in any manner whatsoever, directly or indirectly, be deemed or construed to prohibit, restrict, limit, or otherwise preclude the physical therapy committee from taking such action as it deems appropriate or as may otherwise be provided by law.

(i)(1) Fees charged by a practitioner for his/her professional services shall be reasonable and shall reasonably compensate the practitioner only for services actually rendered.

(2) A practitioner shall not enter into agreement for, charge, or collect an illegal or clearly excessive fee.

(3) Factors to be considered in determining the reasonableness of a fee include, but are not limited to, the following:

(A) the difficulty and/or uniqueness of the services performed and the time, skill, and experience required;

(B) the fee customarily charged in the locality for similar practitioner services;

(C) the amount of the charges involved;

(D) the quality of performance;

(E) the nature and length of the professional relationship with the patient; and

(F) the experience, reputation, and ability of the practitioner in performing the kind of services involved.

(j) A practitioner shall not pay, demand, or receive compensation, for referral of a patient except for a patient referral program operated by a professional society or association.

(k) A practitioner shall be responsible for the conduct of each and every person employed by the practitioner for every action or failure to act by said employee or employees in the course of the employment relationship.

(l)(1) A practitioner shall not, on behalf of himself/herself, a partner, associate, shareholder in a professional corporation, or any other practitioner or specific health care provider affiliated with the practitioner, use, or participate in the use of, any form of public communication containing a false, fraudulent, misleading, deceptive, or unfair statement or claim.

(2) Subject to the requirements of subsection (l)(1) *[subdivision (1)]* of this section, and in order to facilitate the process of informed selection of a practitioner by the public, a practitioner may advertise services through the public media, provided that the advertisement is dignified and confines itself to the existence, scope, nature, and field of practice of physical therapy.

(3) If the advertisement is communicated to the public by radio, cable, or television, it shall be prerecorded, approved for broadcast by the practitioner, and a recording and transcript of the actual transmission shall be retained by the practitioner for a period of five (5) years from the last date of broadcast.

(4) If a practitioner advertises a fee for a service, treatment, consultation, examination, or other procedure, the practitioner must render that service or procedure for no more than the fee advertised.

(5) Except as otherwise provided in these rules, a practitioner shall not contact or solicit individual members of the public personally or through an agent in order to offer services to such person or persons unless that individual initiated contact with the practitioner for the purpose of engaging that practitioner's professional services.

(m) A practitioner may, whenever the practitioner believes it to be beneficial to the patient, and upon approval of the referring

physician, podiatrist, psychologist, chiropractor, or dentist, send or refer a patient to a qualified specific professional health care provider for treatment or health care which falls within the specific professional health care provider's scope of practice. Prior to any such referral, however, the practitioner shall examine, and/or consult with, the patient and the referring physician, podiatrist, psychologist, chiropractor, or dentist, to insure that a condition exists in the patient which would be within the scope of practice of the specific professional health care provider to whom the patient is referred or sent.

(n)(1) A practitioner, upon his/her retirement, or upon discontinuation of the practice of physical therapy, or upon leaving or moving from a community, shall not sell, convey, or transfer for valuable consideration, remuneration, or for anything of value, patient records of that practitioner to any other practitioner.

(2) A practitioner upon retiring from private practice, or upon discontinuation of the private practice of physical therapy, or upon leaving or moving from a community, shall notify all of his/her active patients in writing, or by publication once a week for three (3) consecutive weeks in a newspaper of general circulation in the community, that he/she intends to discontinue his/her practice of physical therapy in the community, and shall notify the referring physician, podiatrist, psychologist, chiropractor, or dentist. The practitioner discontinuing his/her practice shall make reasonable arrangements with his/her active patients for the transfer of his/her records, or copies thereof, to the referring physician, podiatrist, psychologist, chiropractor, or dentist who shall make the records, or copies thereof, available to the succeeding practitioner, or to a program conducted by a professional society or association.

(3) As used herein, "active patient" applies and refers to a person whom the practitioner has examined, treated, cared for, or otherwise consulted with, during the two (2) year period prior to retirement, discontinuation of the practice of physical therapy, or leaving or moving from a community.

(o) A practitioner shall not base his fee upon the uncertain outcome of a contingency, whether such contingency be the outcome of litigation or any other occurrence or condition which may or may not develop, occur, or happen.

(p) A practitioner shall not attempt to exonerate himself from or limit his liability to a patient for his/her personal malpractice except that a practitioner may enter into agreements which contain informed, voluntary releases and/or waivers of liability in settlement of a claim made by a patient or by those responsible for a patient's care.

(q) A practitioner shall not attempt to preclude, prohibit, or otherwise prevent the filing of a complaint against him/her by a patient or other practitioner for any alleged violation of 844 IAC [*this title*] or of any alleged violation of IC 25-27-1 et seq., or of any other law.

(r) Failure to comply with the above standards of professional conduct and competent practice of physical therapy may result in disciplinary proceedings against the offending practitioners. Further, all practitioners licensed in Indiana shall be responsible for having knowledge of these standards of conduct and practice.
